

*after this last election*

i didn't vote for him  
still  
she looks at me  
as if i had  
as though  
150 years ago  
i would have shot buffalo  
from the train

she says shes liberal  
but censures  
real questions

in her drama  
im written almost out  
a bit part  
a non-supporting role  
just a few scenes  
with no lines  
a silent film  
in black and white
